History and Mission

Dr. Notghi Contract Research GmbH, based in Berlin, is an independent full-service contract research organization. For over 20 years now, Dr. Notghi CRO has supported its clients in submission and conducting clinical trials and investigations. As full-service CRO we have also extensive experience of the regulatory requirements in pharmacovigilance and post-market surveillance. We offer our services to clients predominantly from Germany, Switzerland and Austria.

Highlights

What we offer:

- Long-term relationships
- Services you can rely on
- Easy to contact, quick to respond
- Broad expertise for complex projects
- Ability to act quickly
- Competence you can trust
- Precision with foresight

Training from Experts for Experts:

Dr. Notghi Academy, as part of the Dr. Notghi CRO since 2010, is a certified educational institution specialised in training for the pharmaceutical industry.
