HISTORY AND MISSION

Metronomia is a mid-size CRO located in Munich, Germany. Our mission and key to our success is constant commitment to high quality, flexibility, sustainability, and top services precisely to the needs of our clients.

Founded in 1990, Metronomia has successfully been involved in more than 500 clinical projects and is supporting clients from all over the world.

Our customers love
the fact that we
keep up with their
individual tempos.
