HISTORY AND MISSION

Founded in the year 2000, SCIderm is an owner-managed, full-service CRO with a specialization in Dermatology. Our Vision is to become globally the first choice provider for premium CRO services in Dermatology. Currently, more than 75 employees focus on the whole range of services for IITs, NIS and Phase I – Phase IV trials. SCIderm is represented by its Managing Partners Ina Zschocke, PhD and Dirk Menschig.
