## HISTORY AND MISSION

Navitas Life Sciences (NLS) delivers platform-driven full-service Clinical, Regulatory and Safety solutions and services. As the dedicated life sciences brand of TAKE Solutions, NLS operates across the Americas, Europe and APAC. NLS combines the knowledge and experience of three legacy brands - Ecron Acunova, Navitas, and Intelent. Thus, NLS brings together the capabilities of a full-service CRO, a technology-led life sciences services provider, and expertise in analytics and data sciences to address critical challenges and drive outcomes for life sciences.

## HIGHLIGHTS

Navitas has over 30 years of rich experience across 330+ phase I-IV clinical trials, 20+ therapeutic areas, and 40+ successful GCP/non-GCP audits. Our trial expertise is augmented by OneClinical, a platform that delivers trial oversight, analytics, and insights to drive successful study outcomes.

With 10+ years of experience, 1000+ BA/BE and Lab studies, Navitas Life Sciences is a proven partner for Generics manufacturers across the globe.

Backed by insights derived from our pro-prietary industry networks, NLS has delivered 100,000+ submissions to a range of regulatory authorities across the globe and supports both in-trial and post-authorization pharmacovigilance to ensure better patient safety.
