History and Mission

CRS is one of the leading full-service CROs (Phase I-IIa) in Europe with more than 40 years of expertise in clinical development. We provide expert services in fast and efficient conduct of high-quality trials to help customers bring safe and effective pharmaceutical products to market - all realised by our team of more than 250 dedicated professionals. Our outstanding quality and reliability is reflected by the high number of satisfied international clients.

Highlights

CRS. Top Class in Early Phase.

- More than 40 years of experience
- More than 2.000 successfully completed trials
- Various CRO Leadership Awards, lastly 2019

CRS. Supersite Concept.

- Several sites acting as one with centralised project management under one contract
- Maximum operational and financial synergies

CRS. Small enough to be customer-centric and highly flexible.

CRS. Big enough to manage even complex and challenging trials out of one hand.

CRS. Experts. Early Phase.

First in Human to Proof of Concept in Patients.
