

■ COMPANY PROFILE

Dr. Wolfgang Schläger

Director Clinical Operations

Country Head Germany, Austria, Switzerland

History and Mission

Covance is a business segment of LabCorp, a leading global life sciences company, which provides contract research services to the drug, medical device and diagnostics, crop protection and chemical industries. Employing over 21,000 people worldwide, we are the world's most comprehensive CRO, dedicated to improving health and improving lives. We generate more safety and efficacy data to support drug approvals than any other company, supporting our clients' complete lifecycle management. Together with our clients, Covance transforms today's healthcare challenges into tomorrow's solutions.

Highlights

Covance supported the development in all of the top 50 best-selling drugs in the market and has worked on more than 90% of the novel oncology drugs approved by the U.S. FDA in the last 5 years.

Sponsors – both emerging biotechs and large pharma – can access scalable global solutions for drug development from discovery and early phase research to global clinical trials and commercialization.
