History and Mission

Dr. Notghi Contract Research GmbH, based in Berlin, is an independent full-service contract research organization for the risk assessment of pharmaceuticals and medical devices. For over 20 years now, Dr. Notghi CRO has supported its clients in conducting clinical trials and investigations. We have extensive experience of the regulatory requirements in pharmacovigilance and post-market surveillance for medical devices. We offer our services to clients predominantly from Germany, Switzerland and Austria.

Highlights

What we offer:

- Long-term relationships
- Services you can rely on
- Easy to contact, quick to respond
- Broad expertise for complex projects
- Ability to act quickly
- Competence you can trust
- Precision with foresight

Training from Experts for Experts:

Dr. Notghi Academy, as part of the Dr. Notghi CRO since 2010, is a certified educational institution specialised in training for the pharmaceutical industry.
