History and Mission

Health Research Services (HRS) Ltd, founded in 2000, run offices in UK, Germany, Moscow, Kiev and Warsaw. **HRS GmbH** is an independent contract research organisation offering specialist services in the areas of Consulting, Scientific Drug Research & Development, Project Management, Clinical Monitoring, Medical Writing, Biostatistics and Regulatory Affairs. **HRS** provides expert services to turn basic research on promising new drug candidates into marketed medications.

Highlights

Re-approval and marketing authorisation from German regulatory authorities (BfArM) of a herbal medicinal product which has been classified as a NCE and the notification from the FDA in the US where it is also available. The preclinical and clinical research and development programme for this medication was set-up and conducted by **HRS** on behalf of the pharmaceutical manufacturer. **HRS** developed the patents for the use of this medication also in additional indications. This product is marketed abroad world-wide by **HRS** who coordinates the regulatory requirements and pharmacovigilance.
