History and Mission

Since our foundation in Dublin, Ireland in 1990, our mission has been to help our clients to accelerate development of drugs and devices that save lives and improve quality of life. Currently, ICON operates from 95+ locations in 45 countries and has over 41.150 employees. More information is at www.iconplc.com

Highlights

We are a global provider of consulting, and outsourced development and commercialization services to pharmaceutical, biotechnology, medical device and government and public health organizations.

We focus our innovation on the factors that are critical to our clients-reducing time to market, reducing cost and increasing quality – and our global team of experts has extensive experience in a broad range of therapeutic areas. ICON has been recognized as one of the world's leading Contract Research Organizations through a number of high-profile industry awards.
