History and Mission

Founded in 1982, **Parexel International Corporation** is in the business of improving the world's health. Headquartered near Boston, Massachusetts and supporting clients in more than 100 countries, our almost 20,000 employees are united by one simple fact. We care. We're not just the people with brains, we're the people with heart.

Our values:

Patients first | Quality | Respect | Empowerment and Accountability

Highlights

Parexel is focused on supporting the development of innovative new therapies to improve patient health. We do this through a suite of services that help life science and biopharmaceutical customers across the globe transform scientific discoveries into new treatments for patients. From clinical trials to regulatory and consulting services to commercial and market access, our therapeutic, technical and functional ability is underpinned by a deep conviction in what we do.
