Lars.behrend@cro-sss.com

## History and Mission

As an internationally active CRO we have been managing clinical trials for more than 25 years in 20 countries. To date **SSS** has successfully run more than 250 clinical trials and non-interventional studies. Our clients are "Big Pharma", Biotech, Diagnostics and Medtech companies. Longstanding cooperation with industry leaders gives us cutting edge knowledge in strategic, regulatory and operational aspects of clinical research.
