## History and Mission

**proDERM** is a renowned CRO with a specialized focus on studies relating to skin and mucous membranes. The institute has established an excellent reputation as a high-quality provider of trial services on the basis of outstanding technical set-up and expertise. From its' headquarter in Schenefeld/Hamburg the institute offers both single and multicentric studies. Ever since its' foundation in 1994, proDERM stands for dedication, professionalism, scientific methods and innovation.

## Highlights

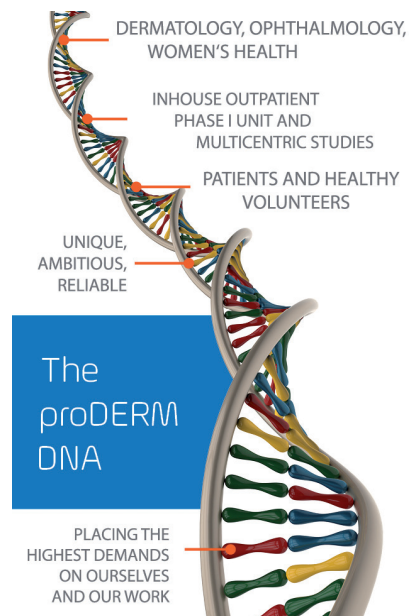

**Nature:** We are a full-service CRO with a strong focus on clinical trials in dermatology, gynecology, oral care and ophthalmology.

**Measurement / Image Analysis:** We provide a comprehensive portfolio of standard and innovative technologies in the fields of measurement and image analysis.

**Network:** We offer a network of partners which increases our flexibility and ability to adapt our services to customer needs.

**Recruitment:** It is one of our greatest strengths to satisfy the most difficult recruitment conditions.

**Experience:** We have conducted +200 clinical studies in an environment fully compliant with GCP regulations.
